§962. Authority to control

- A. All controlled dangerous substances listed in R.S. 40:964 are hereby controlled.
- B. The Secretary of the Department of Health and Hospitals shall add a substance as a controlled dangerous substance if it is classified as a controlled dangerous substance by the Drug Enforcement Administration of the United States government.
- C. The secretary may by rule add to the schedules provided in Section 964 of this Part any drug or other substance if he finds that such drug or other substance has a high potential for abuse, and after such a finding by the secretary, the drug shall be added in the appropriate schedule under the criteria provided under Section 963 of this Part. In making a finding that a drug or other substance has a high potential for abuse, the Secretary of the Department of Health and Hospitals shall consider the following factors with respect to each drug or other substance proposed to be controlled:
 - (1) its actual or relative potential for abuse;
 - (2) scientific evidence of its pharmacological effect, if known;
 - (3) state of current scientific knowledge regarding the substance;
 - (4) its history and current pattern of abuse;
 - (5) its scope, duration, and significance of abuse;
 - (6) what, if any, risk there is to public health;
 - (7) its psychic or physiological dependence liability; and
 - (8) whether the substance is an immediate precursor of a substance already controlled by this Section.
- D. In an adjudication the Secretary of the Department of Health and Hospitals may transfer a controlled substance from one schedule to another schedule upon the basis of a finding that the characteristics of the controlled drug or substances are such that under the criteria in Section 963 of this Part the controlled substance should be transferred or that a transfer of any substance listed under Section 964 from one schedule to another schedule should be made in order to conform with the schedule in which the drug is placed by the Drug Enforcement Administration of the United States government.
- E. If the Secretary of the Department of Health and Hospitals designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor.
- F. The Secretary of the Department of Health and Hospitals shall exclude any nonnarcotic substance from a schedule if the substance may, under the federal Food, Drug, and Cosmetic Act and the law of this state, be lawfully sold over the counter without a prescription.
- G. The reclassification of any controlled dangerous substance or its transfer from one schedule to another by the Secretary of the Department of Health and Hospitals or the state health officer shall not affect the penalties provided by this Part.
- H. If the scheduling of a substance in Schedule I is necessary to avoid an imminent peril to the public health, safety, or welfare, the secretary may adopt an emergency rule adding the substance to Schedule I pursuant to R.S. 49:953(B). In determining whether the substances poses an imminent peril to the public health, safety, or welfare, the secretary shall consider the factors set forth in Paragraphs C(4), (5), and (6) of this Section.

§995. Short title

This Part may be cited as the Uniform Controlled Dangerous Substances Law.

§996.1 Legislative findings

- A. For more than sixty years, the Louisiana Legislature enacted laws to protect the public from the detrimental effects of misusing substances which are susceptible to abuse or which lead to addiction.
- B. Act No. 634 of the 1972 Regular Session incorporated protections regarding controlled dangerous substances into the Louisiana Uniform Controlled Dangerous Substances Law.
- C. In 2009 and 2010, Louisiana began experiencing increased incidents of individuals consuming synthetic cannabinoids as alternatives to marijuana, as well as increased incidents of individuals consuming substances which mimic the effects of amphetamines and cocaine and which are marketed as bath salts, fertilizer, and insect repellant.
- D. These substances, which have been sold throughout Louisiana in retail establishments, have produced symptoms such as high blood pressure, severe hallucinations, anxiety, vomiting, seizures, delusions, and suicidal thoughts.
- E. The chemical compositions of these substances make them relatively easy to alter by chemists resulting in the rapid production of new substances which circumvent statutes outlawing the production, manufacture, possession, and distribution of controlled dangerous substances having similar abuse potential and pharmacological effects.
- F. These substances have not been approved by the United States Food and Drug Administration as being safe for human consumption, are not subject to any quality control measures in their preparation, and do not have established dosages, making them extremely dangerous and potentially lethal.
- G. These substances have a high potential for abuse and no acceptable medical use in treatment in the United States. There is a lack of accepted safety for use of the substances under medical supervision making these substances highly addictive and potentially lethal.
- H. Article II, Section 1 of the Louisiana Constitution provides that the powers of government are divided into a legislative, executive, and judicial branch. Article II, Section 2 of the Louisiana Constitution provides that not one of these branches shall exercise power belonging to either of the other branches.
- I. The Louisiana Legislature recognizes that the Louisiana Supreme Court, in *State v. All Pro Paint & Body Shop, Inc.*, 639 So. 2d 707 (La. 1994), outlined a three-prong test to evaluate the constitutionality of a statutory delegation of legislative authority. The test provided that a statute delegating authority to an administrative agency is constitutionally valid if the enabling statute contains a clear expression of legislative policy, prescribes sufficient standards to guide the agency in the execution of that policy, and has adequate procedural safeguards to protect against abuse of discretion by that agency.
- J. The Louisiana Legislature has a compelling interest in protecting the health, safety, and welfare of its citizens against the detrimental and deadly effects of these substances.
- K. The options for the legislature to address the imminent hazard to the health, safety, and welfare for the people of the state of Louisiana are limited by the provisions of Article III, Section 2 of the Louisiana Constitution, which mandates an annual legislative session and provides mechanisms for the convening of an extraordinary or emergency session.

- L. The Louisiana Legislature seeks to provide for a limited delegation of legislative authority within the parameters which have been defined by the Louisiana Supreme Court for the express purpose of protecting the health, safety, and welfare of the citizens of the state from imminent harm.
- M. Louisiana law authorizes the secretary of the Department of Health and Hospitals to add a substance to the schedules of controlled dangerous substances based upon certain criteria. The provisions of R.S. 40:996.1 through 996.6 are intended to provide additional options for the secretary of the Department of Health and Hospitals to address imminent hazards to the public health, safety, and welfare caused by dangerous substances.

(Added by Act 347 of 2012 Legislature, effective August 1, 2012)

§996.2 Definitions

For the purposes of R.S. 40:996.1 through 996.7, the following terms shall have the following meanings:

- (1) "Dangerous substance" means a substance which is not otherwise listed as a controlled dangerous substance and has been determined to be an imminent hazard to the public health, safety, and welfare by the secretary using the criteria and standards prescribed in R.S. 40:996.3.
- (2) "Dangerous substance stop order" is a rule adopted by the Louisiana Department of Health and Hospitals pursuant to the provisions of R.S. 40:996.3 and 996.4, declaring that a substance is a dangerous substance which shall not be sold, distributed, manufactured, or dispensed.

(Added by Act 347 of 2012 Legislature, effective August 1, 2012)

§996.3 Declaration of a dangerous substance by the Louisiana Department of Health and Hospitals

- A. The secretary may by rule declare that a substance is a dangerous substance. In making a finding that a substance is a dangerous substance, the secretary shall consider the following factors with respect to each substance:
 - (1) Its actual or relative potential for abuse.
 - (2) Scientific evidence of its pharmacological effect, if known.
 - (3) State of current scientific knowledge regarding the substance.
 - (4) Its history and current pattern of abuse.
 - (5) Its scope, duration, and level of abuse.
 - (6) The level of risk to public health.
 - (7) The likelihood of psychic or physiological dependence.
 - (8) Whether the substance is an immediate precursor of a substance already controlled by the Uniform Controlled Substances Law.
 - (9) Whether the substance is an analogue of a substance already controlled by the Uniform Controlled Dangerous Substances Law.
 - (10) Whether there have been any reported fatalities associated with the substance.
 - (11) Whether there have been any cases involving the substance reported to the state poison center.
 - (12) Any other factors or considerations deemed relevant by the secretary.
- B. Prior to the adoption of a rule declaring that a substance is a dangerous substance, the secretary shall make all of the following findings and determinations:
 - (1) The substance has a high potential for abuse.
 - (2) The substance has no current medical use in treatment in the United States.
 - (3) There is a lack of accepted safety for use of the substance under medical supervision.
 - (4) There is an imminent hazard to the health, safety, and welfare of the citizens of Louisiana requiring the substance to be declared a dangerous substance and the issuance of a dangerous substance stop order as authorized by the provisions of this Section.
- C. If the secretary has considered the factors provided for in Subsection A of this Section and has made the determinations required by the provisions of Subsection B of this Section, a rule pursuant to the provisions of R.S. 40:996.5 may be adopted declaring the substance a dangerous substance.
- D. If the secretary determines that a substance shall be classified as a dangerous substance the rule shall also include a dangerous substance stop order prohibiting the sale, distribution, manufacture, or dispensing of the dangerous substance.

(Added by Act 347 of 2012 Legislature, effective August 1, 2012)

§996.4 Dangerous substance stop order; effects; seizure of dangerous substances; duration of order; validity

- A. A dangerous substance stop order issued by the secretary pursuant to the provisions of R.S. 40:996.3 shall remain in effect upon adoption of the rule and shall extend through the sixtieth day after final adjournment of the succeeding legislative session. Upon the sixtieth day after final adjournment of the succeeding regular legislative session, the dangerous substance stop order shall be null, void, and of no effect.
- B. Upon the adoption of the rule declaring a substance a dangerous substance and the issuance of the dangerous substance stop order, any law enforcement officer may seize any products containing the dangerous substance that are in plain view.
- C. Whenever a law enforcement officer, or an agent of the Department of Health and Hospitals, has probable cause to believe that any dangerous substance is located within the territorial jurisdiction of such officer, the officer may make application pursuant to Louisiana Code of Criminal Procedure Article 162 to a court of competent jurisdiction for a search warrant. The warrant shall be executed pursuant to the provisions of Louisiana Code of Criminal Procedure Articles 163, 164, and 165. In lieu of a return on the warrant, the executing officer shall attach to the search warrant a copy of the receipt required to be provided to the person from whom any such property is seized pursuant to this Section.
- D. Any product containing any quantity of the dangerous substance shall be deemed contraband drugs, which are subject to forfeiture pursuant to the provisions of Article I, Section (4)(D) of the Louisiana Constitution.
- E. The law enforcement officer seizing any dangerous substance pursuant to Subsections B or C of this Section shall appraise the value of the property seized according to his best judgment at its usual and ordinary retail price and shall deliver to the person found in possession thereof, if any, a receipt showing the fact of seizure, the date of the seizure, the name of the person from whom the property is seized, the location of the seizure, the description of the property seized, and the appraised value of such property.
- F. Property seized under this Section shall not be subject to sequestration or attachment but is deemed to be in the custody of the law enforcement agency making the seizure, subject only to the order of the court. The seized property shall be immediately returned to the owner upon the expiration of the dangerous substance stop order unless the legislature has enacted a provision to designate the dangerous substance as a controlled dangerous substance. In the event the legislature provides for the dangerous substance to be designated as a controlled dangerous substance, the property seized shall be considered contraband and destroyed immediately by the seizing law enforcement agency unless the seizing law enforcement agency determines that the property will be needed as evidence in a civil or criminal proceeding. If the property is needed as evidence, the law enforcement agency shall place the seized property in a secure facility designated by the holding of evidence, pending further orders of the court.
- G. The validity of a rule declaring a substance to be a dangerous substance and issuing a dangerous substance stop order may be determined in an action for declaratory judgment in the Nineteenth Judicial District Court. The Department of Health and Hospitals shall be made a party to the action. An action for a declaratory judgment under this Subsection may be brought only by a person to whom such rule is applicable or who would be adversely affected by such rule and only on the grounds that the rule does not meet the criteria for adoption of a dangerous substance stop order as provided for in R.S. 40:996.3. The court shall declare the rule invalid if it finds that there is not sufficient evidence for the adoption of the dangerous substance stop order. Notwithstanding any other provision of law to the contrary, the dangerous substance stop order shall remain in effect until such declaratory judgment is rendered or until it expires as provided for in this Section. The provisions of R.S. 49:963 shall not apply to any action brought pursuant to this Subsection. The provisions of this Subsection are in addition to R.S. 49:963 and shall not limit any action pursuant to R.S. 49:963.
